

JUSTICE SUCCESS STORY

Married couple convicted for 17 years for committing abduction and rape of two minor girls

Our litigation team has recently secured 17-year imprisonment in an unusual case against a married couple who abducted a 10-year-old girl from Jinnah Hospital after intoxicating her with an unknown liquid to make her unconscious and took her to a remote abandoned building in Dhabeji area.

Thereafter, the main offender committed rape with the victim in the said building, while his wife recorded the videos, following which the victim was left in Karachi, from where she reached home on a bus.

During the investigation, the victim led the police to the said building in Dhabeji, where police found both the offenders (husband and wife) with another victim, who was also a minor girl.

It transpired that the offenders were habitual in abducting minor girls from Karachi and committing rape with them while recording.

LAS is proud of this achievement and remains committed to ensuring that justice is served and that victims receive the support they deserve.
